Clinica Chimica Acta 248 (1996) 215–218

Subject index

Volume 248 (1996)

Amniotic fluid; Non-immune hydrops fetalis; Lysosomal storage disorder; Screening **248**, 143

Analyser monitoring; Quality control; Proficiency testing; Mean of normals; Expert system **248**, 39

Anesthesia; Neural networks; Expert systems; Pattern recognition; Monitors integration; Smart alarms; Medical informatics; Critical care; Patient monitoring **248**, 73

Angiotensin I-converting enzyme; Deletion/insertion polymorphism; Capillary electrophoresis **248**, 197

Arterial ketone body ratio; Ketone body; Capillary blood; Arteriovenous anastomosis **248**, 205

Arteriovenous anastomosis; Arterial ketone body ratio; Ketone body; Capillary blood **248**, 205

Ascorbic acid; Prothrombin time; Partial thromboplastin time; Guinea pigs **248**, 209

Assessment; Education; Computer-aided learning; Multimedia; Interactive; Data interpretation; Decision-making **248**, 119

Bile acid conjugation efficiency; Primary biliary cirrhosis; Primary sclerosing cholangitis; unconjugated bile acids; Cholestasis; Cholehepatic shunting; Ursodeoxycholic acid **248**, 175

Blood transfusion; Laboratories; Practice guidelines; Physicians; Information systems; Computers; Expert system **248**, 51

Capillary blood; Arterial ketone body ratio; Ketone body; Arteriovenous anastomosis **248**, 205

Capillary electrophoresis; Angiotensin I-converting enzyme; Deletion/insertion polymorphism **248**, 197

Carboxy-terminal telopeptide of type I collagen (ICTP); Type I collagen; Liver; Fibrosis; Serum marker **248**, 187

Cholehepatic shunting; Primary biliary cirrhosis; Primary sclerosing cholangitis; unconjugated bile acids; Cholestasis; Ursodeoxycholic acid; Bile acid conjugation efficiency **248**, 175

Cholestasis; Cholesteryl ester transfer protein; Lipoproteins; Fatty acid composition; Liver disease **248**, 157

Cholestasis; Primary biliary cirrhosis; Primary sclerosing cholangitis; unconjugated bile acids; Cholehepatic shunting; Ursodeoxycholic acid; Bile acid conjugation efficiency **248**, 175

Cholesteryl ester transfer protein; Lipoproteins; Fatty acid composition; Liver disease; Cholestasis **248**, 157

Client/server architecture; Laboratory information system; Graphical user interface; Object-oriented design; Ethernet network **248**, 31

Clinical laboratory; Computing **248**, 3

Clinical laboratory services; OpenLabs project; Laboratory information systems; Electronic data interchange **248**, 19

0009-8981/96/$15.00 © 1996 Elsevier Science B.V. All rights reserved

Cloned enzyme donor immunoassay (CEDIA); Microparticle enzyme immunoassay (MEIA); Ion capture (IC); Internethod comparison **248**, 135

Cluster analysis; Neural networks; Connectionist models; Self-organizing learning schemes; Unsupervised learning schemes **248**, 91

Computer-aided learning; Education; Multimedia; Interactive; Data interpretation; Decision-making; Assessment **248**, 119

Computers; Laboratories; Practice guidelines; Blood transfusion; Physicians; Information systems; Expert system **248**, 51

Computing; Clinical laboratory **248**, 3

Connectionist models; Neural networks; Cluster analysis; Self-organizing learning schemes; Unsupervised learning schemes **248**, 91

Critical care; Neural networks; Expert systems; Pattern recognition; Monitors integration; Smart alarms; Medical informatics; Anesthesia; Patient monitoring **248**, 73

Data interpretation; Education; Computer-aided learning; Multimedia; Interactive; Decision-making; Assessment **248**, 119

Decision-making; Education; Computer-aided learning; Multimedia; Interactive; Data interpretation; Assessment **248**, 119

Deletion/insertion polymorphism; Angiotensin I-converting enzyme; Capillary electrophoresis **248**, 197

Diagnostic test; Simulation; Neural networks; Economy **248**, 99

Economy; Simulation; Neural networks; Diagnostic test **248**, 99

Education; Computer-aided learning; Multimedia; Interactive; Data interpretation; Decision-making; Assessment **248**, 119

Efficient patient care; Hospital clinician; Laboratory specialist; Patient bed-stay **248**, 11

Electronic data interchange; OpenLabs project; Laboratory information systems; Clinical laboratory services **248**, 19

Ethernet network; Client/server architecture; Laboratory information system; Graphical user interface; Object-oriented design **248**, 31

Expert system; Interpretative reporting; Knowledge-based system; Laboratory data handling; Laboratory data visualisation; Interpretation of lactate dehydrogenase isoenzymes **248**, 107

Expert system; Laboratories; Practice guidelines; Blood transfusion; Physicians; Information systems; Computers **248**, 51

Expert system; Quality control; Proficiency testing; Mean of normals; Analyser monitoring **248**, 39

Expert systems; Neural networks; Pattern recognition; Monitors integration; Smart alarms; Medical informatics; Anesthesia; Critical care; Patient monitoring **248**, 73

Fatty acid composition; Cholesteryl ester transfer protein; Lipoproteins; Liver disease; Cholestasis **248**, 157

Fibrosis; Type I collagen; Carboxy-terminal telopeptide of type I collagen (ICTP); Liver; Serum marker **248**, 187

Fluorigenic substrate; β-Glucosidase; Gaucher's disease **248**, 125

Gaucher's disease; β-Glucosidase; Fluorigenic substrate **248**, 125

β-Glucosidase; Fluorigenic substrate; Gaucher's disease **248**, 125

Graphical user interface; Client/server architecture; Laboratory information system; Object-oriented design; Ethernet network **248**, 31

Guinea pigs; Ascorbic acid; Prothrombin time; Partial thromboplastin time **248**, 209

Hospital clinician; Laboratory specialist; Efficient patient care; Patient bed-stay **248**, 11

Information systems; Laboratories; Practice

guidelines; Blood transfusion; Physicians; Computers; Expert system **248**, 51

Interactive; Education; Computer-aided learning; Multimedia; Data interpretation; Decision-making; Assessment **248**, 119

Intermethod comparison; Microparticle enzyme immunoassay (MEIA); Ion capture (IC); Cloned enzyme donor immunoassay (CEDIA) **248**, 135

Interpretation of lactate dehydrogenase isoenzymes; Interpretative reporting; Expert system; Knowledge-based system; Laboratory data handling; Laboratory data visualisation **248**, 107

Interpretative reporting; Expert system; Knowledge-based system; Laboratory data handling; Laboratory data visualisation; Interpretation of lactate dehydrogenase isoenzymes **248**, 107

Ion capture (IC); Microparticle enzyme immunoassay (MEIA); Cloned enzyme donor immunoassay (CEDIA); Intermethod comparison **248**, 135

Ketone body; Arterial ketone body ratio; Capillary blood; Arteriovenous anastomosis **248**, 205

Knowledge-based system; Interpretative reporting; Expert system; Laboratory data handling; Laboratory data visualisation; Interpretation of lactate dehydrogenase isoenzymes **248**, 107

Laboratories; Practice guidelines; Blood transfusion; Physicians; Information systems; Computers; Expert system **248**, 51

Laboratory data handling; Interpretative reporting; Expert system; Knowledge-based system; Laboratory data visualisation; Interpretation of lactate dehydrogenase isoenzymes **248**, 107

Laboratory data visualisation; Interpretative reporting; Expert system; Knowledge-based system; Laboratory data handling; Interpretation of lactate dehydrogenase isoenzymes **248**, 107

Laboratory information system; Client/server architecture; Graphical user interface; Object-oriented design; Ethernet network **248**, 31

Laboratory information systems; OpenLabs project; Electronic data interchange; Clinical laboratory services **248**, 19

Laboratory specialist; Hospital clinician; Efficient patient care; Patient bed-stay **248**, 11

Lipoproteins; Cholesteryl ester transfer protein; Fatty acid composition; Liver disease; Cholestasis **248**, 157

Liver; Type I collagen; Carboxy-terminal telopeptide of type I collagen (ICTP); Fibrosis; Serum marker **248**, 187

Liver disease; Cholesteryl ester transfer protein; Lipoproteins; Fatty acid composition; Cholestasis **248**, 157

Lysosomal storage disorder; Amniotic fluid; Non-immune hydrops fetalis; Screening **248**, 143

Mean of normals; Quality control; Proficiency testing; Analyser monitoring; Expert system **248**, 39

Medical informatics; Neural networks; Expert systems; Pattern recognition; Monitors integration; Smart alarms; Anesthesia; Critical care; Patient monitoring **248**, 73

Microparticle enzyme immunoassay (MEIA); Ion capture (IC); Cloned enzyme donor immunoassay (CEDIA); Intermethod comparison **248**, 135

Monitors integration; Neural networks; Expert systems; Pattern recognition; Smart alarms; Medical informatics; Anesthesia; Critical care; Patient monitoring **248**, 73

Multimedia; Education; Computer-aided learning; Interactive; Data interpretation; Decision-making; Assessment **248**, 119

Neural networks; Connectionist models; Cluster analysis; Self-organizing learning schemes; Unsupervised learning schemes **248**, 91

Neural networks; Expert systems; Pattern recognition; Monitors integration; Smart alarms; Medical informatics; Anesthesia; Critical care; Patient monitoring **248**, 73

Neural networks; Simulation; Economy; Diagnostic test **248**, 99

Non-immune hydrops fetalis; Amniotic fluid; Lysosomal storage disorder; Screening **248**, 143

Object-oriented design; Client/server architecture; Laboratory information system; Graphical user interface; Ethernet network **248**, 31

OpenLabs project; Laboratory information systems; Electronic data interchange; Clinical laboratory services **248**, 19

Partial thromboplastin time; Ascorbic acid; Prothrombin time; Guinea pigs **248**, 209

Patient bed-stay; Hospital clinician; Laboratory specialist; Efficient patient care **248**, 11

Patient monitoring; Neural networks; Expert systems; Pattern recognition; Monitors integration; Smart alarms; Medical informatics; Anesthesia; Critical care **248**, 73

Pattern recognition; Neural networks; Expert systems; Monitors integration; Smart alarms; Medical informatics; Anesthesia; Critical care; Patient monitoring **248**, 73

Physicians; Laboratories; Practice guidelines; Blood transfusion; Information systems; Computers; Expert system **248**, 51

Practice guidelines; Laboratories; Blood transfusion; Physicians; Information systems; Computers; Expert system **248**, 51

Primary biliary cirrhosis; Primary sclerosing cholangitis; unconjugated bile acids; Cholestasis; Cholehepatic shunting; Ursodeoxycholic acid; Bile acid conjugation efficiency **248**, 175

Primary sclerosing cholangitis; Primary biliary cirrhosis; unconjugated bile acids; Cholestasis; Cholehepatic shunting; Ursodeoxycholic acid; Bile acid conjugation efficiency **248**, 175

Proficiency testing; Quality control; Mean of normals; Analyser monitoring; Expert system **248**, 39

Prothrombin time; Ascorbic acid; Partial thromboplastin time; Guinea pigs **248**, 209

Quality assurance; Turnaround time; Stat test; Routine test **248**, 65

Quality control; Proficiency testing; Mean of normals; Analyser monitoring; Expert system **248**, 39

Routine test; Turnaround time; Quality assurance; Stat test **248**, 65

Screening; Amniotic fluid; Non-immune hydrops fetalis; Lysosomal storage disorder **248**, 143

Self-organizing learning schemes; Neural networks; Connectionist models; Cluster analysis; Unsupervised learning schemes **248**, 91

Serum marker; Type I collagen; Carboxy-terminal telopeptide of type I collagen (ICTP); Liver; Fibrosis **248**, 187

Simulation; Neural networks; Economy; Diagnostic test **248**, 99

Smart alarms; Neural networks; Expert systems; Pattern recognition; Monitors integration; Medical informatics; Anesthesia; Critical care; Patient monitoring **248**, 73

Stat test; Turnaround time; Quality assurance; Routine test **248**, 65

Turnaround time; Quality assurance; Stat test; Routine test **248**, 65

Type I collagen; Carboxy-terminal telopeptide of type I collagen (ICTP); Liver; Fibrosis; Serum marker **248**, 187

Unconjugated bile acids; Primary biliary cirrhosis; Primary sclerosing cholangitis; Cholestasis; Cholehepatic shunting; Ursodeoxycholic acid; Bile acid conjugation efficiency **248**, 175

Unsupervised learning schemes; Neural networks; Connectionist models; Cluster analysis; Self-organizing learning schemes **248**, 91

Ursodeoxycholic acid; Primary biliary cirrhosis; Primary sclerosing cholangitis; unconjugated bile acids; Cholestasis; Cholehepatic shunting; Bile acid conjugation efficiency **248**, 175
